Memo CP-C/384

DATE: April 29, 2007
TO: Distribution
FROM: D. Rochman
SUBJECT: New code for quantities (Dictionary 36)

I propose the following code in dictionary 36 for the compilation of NP/A 487, 370, 1988, under C1460:

MLT/DA,G/FF: Gamma-ray multiplicity for a given center of mass angle of fission fragments.

The associated unit used in this compilation is “PRT/FIS/SR”: Particle per fission and per steradian

Best Regards

Dimitri
