Subject: Centers' addresses

1. Hokkaido University

We received a letter from

M. Chiba
Hokkaido University Computing Center
Kita-11 Nishi-5, Kita-ku
Sapporo 060, Japan

Dr. Chiba will continue to convert charged-particle reaction data from the Japanese NRDF file to the Exfor E series. He should therefore be on the distribution for CP-Memos, Exfor dictionaries and related materials. His address should be added to page 9.5 of the EXFOR Manual.

Professor H. Tanaka has retired. His present address is

Sapporo-gakuin University
Bunkyou dai 11
Ebetu-shi 069, Japan

His address on page 9.6 of the EXFOR Manual should be changed accordingly. He continues to follow the EXFOR data exchange with interest. It should be sufficient, however, that Dr. Chiba supplies him with copies of CP-Memos of interest. Therefore, Prof. Tanaka need no longer be on the CP-Memo distribution.

2. CNDC

For CNDC we had so far Dr. Zhouang Youxiang on the distribution for CP-Memos (see page 9.6 of the EXFOR Manual). It is suggested that instead Dr. Cai Dunjiu as the center head is put on the distribution list, like for the other centers.
