From: H.D. Lemmel *Lemmel*

Subject: 1989 NRDC Meeting

Some time ago you should have received the invitations to the Tenth Meeting of the Nuclear Reaction Data Centers, Vienna, 2-4 October 1989, and we hope to see many of you.

The meeting will be in the Vienna International Centre to be reached by the underground line "U1", station "Kaisermühlen". The meeting will be in building A, floor 11, door A11-71, starting on Monday, 2 October, at 9:30 hrs. It is advisable to be in the building a bit earlier for the registration procedures, for which you should enter building C and look for the sign "IAEA registration".

Please find attached the tentative agenda for the meeting.

Kindly study the conclusions and actions from the 1987 meeting in Brookhaven (see INDC(NDS)-204) and those from the 1988 technical meeting (see Memo CP-D/190). For the discussion of Exfor coding rules, please bring very specific examples with you (copy of the reference plus a copy of the corresponding Exfor entry).

Centers are asked for brief written activity reports (concerning CINDA, EXFOR, evaluated data, meetings, data requests and dissemination) which will be included in the Minutes of the meeting which are planned to be issued as an INDC(NDS)-report.

If you have additional proposals for the agenda, kindly distribute them as CP-Memos before the meeting.
