Subject: **Discontinuation of hardcopy distribution
of the EXFOR/CINDA dictionaries outside NDS**

We propose to discontinue the distribution of hardcopy listings of the EXFOR/CINDA dictionaries outside NDS. With today's communications, computing and printing infrastructure, the mailing of thousands of pages of listings seems not to be justified, in particular because all data centers receive the same information in electronic form.

Please let us know if this should represent a hardship for anyone of the previous recipients.
