From: H. Wienke, O.Schwerer

Subject: Proposed quantity PAR,AKE,G for dictionary 36

We propose the following addition to dictionary 36:

PAR,AKE,G Average gamma-ray energy for a specific group of gammas

It is used in entry 30822 (on TRANS 3100 to be transmitted) where average gamma energies as a function of the energy of the inelastically emitted neutrons are given.
