

Memo CP-D/341

14 August 2002

From: O. Schwerer

Subject: Report on the 2002 NRDC Meeting

The report on the Paris 2002 NRDC meeting was finalized as INDC(NDS)-434 and is available in PDF format from the NDS website under <http://www-nds.iaea.or.at/reports/indc-nds-434.pdf> (complete report) and <http://www-nds.iaea.or.at/reports/indc-nds-434-concl.pdf> (Conclusions and Actions only).

Comments and suggestions received on the Conclusions and Actions as distributed in CP-D/339 were taken into account as far as possible, resulting in some rearrangements and, consequently, renumbering. In particular, conclusions C5 and C6 of CP-D/339 were combined (new conclusion C4), and a new Action on McLane/Schwerer (LEXFOR entry on 'Correlations') was added which had been missing in CP-D/339.

Therefore, when referring to Conclusions or Actions of this meeting, please always use the numbering of the final meeting report (not memo CP-D/339).
