Memo CP-E/045

Date: June 11, 2004
To: Distribution
From: OTSUKA Naohiko
Subject: Dictionary 6 (Reports) update

I propose the addition of the following new codes:

Dictionary 6 (Reports)

98MARSEI 20th Symp. on Fusion Technology, Marseille, 7-11 Sept. 1998

Note:

So far I put the date of issue in the date field of REFERENCE record for conference proceedings. However today I find the following sentence in old CINDA manual II.10.4 (April 2003):

for proceedings

...

Column 42-44: Date of Conference (coded as for journals)

“Note that for proceedings the date of the conference is entered and not the date of issue of the proceedings.

Examples in EXFOR System Manual 8.21 (April 2000) follow this rule. Therefore now I understand that the above rule is valid for EXFOR. It is better to add above sentence in System Manual (and CINDA2001 manual if it is also valid in CINDA2001).
