MEMO CP-A/138

7-May-2003

To: **Distribution**
From: **F.E. Chukreev , S.Babykina**
Subject**: Modify the definition SIG/DN and DN in dictionaries 36 and 32**

We are suggest to change the definition of '**SIG/DN**' and '**DN**' in   dic.36 and 32.

SIG/DN   **(cs differential by number of   outgoing particles)**
                DN   (**differential with number of outgoing   particles**)

It will permit to compile a lot of paper without input new codes in dic.36 and 32, which   has been proposed   for   A0361 (See action 35, meeting 2002)   and O0939 (see CP-D/359) and   lot of other.

On last Paris meeting after discussion   of   WP12 ,   Action 35 was accepted where SIG/DN code has been recommended to use for data from Entry o0939.

Therefore, we do not see needed to input new codes NPART   etc (See Memo-CP-D/359) for SF4, if the definition code DN will be modified.
