Memo CP-E/032

**Date:** December 10, 2003  
**To:** Distribution  
**From:** OTSUKA Naohiko and KATŌ Kiyoshi  
**Subject:** Dictionary 25 (Units) update

Now we are compiling experimental data taken from a reference (K. Tokushuku *et al.*, Phys. Lett. **B235** (1990) 245), in which double differential cross sections with respect to secondary momentum and angle are given with [ $\mu\text{b}/(\text{MeV}/c)/\text{sr}$ ]. We propose the following addition:

## Dictionary 25 (Units)

MUB / SRMEVC microbarns /( $\text{sr}^*(\text{MeV}/c)$ )

## Distribution:
